

2014 School Corporation Annual Performance Report

General Explanations

This is a report on the performance of schools and school corporations (districts) in your area. The goal is to give you information to tell you what progress schools are making to help students learn more. There are additional indicators that are available to you on the Indiana Department of Education's Web site (compass.doe.in.gov), including data broken out by different student subgroups, such as race, gender, income level and special education.

The data in this report have been supplied by the Indiana Department of Education and local school corporations. The report provides the most recent data available.

Indiana educators and citizens have developed higher academic standards for all students. These standards are necessary to prepare Indiana students to be successful in life, whether they go directly to higher education or to the workplace. The scores for ISTEP+ are listed under each school to reflect student progress toward those standards. For high schools, you also will see graduation rates and the percentage of graduates who plan to go on to college.

Other important information is provided, such as average attendance rates and indicators of school safety, including expulsions and suspensions. Also included is information about your school corporation, such as how much is spent, on average, for each student; how much teachers are paid; and the percentage of corporation students who are in special education classes or gifted and talented classes.

Explanation of School Corporation (District) Data (see chart I)

The following indicators show you the performance of your school corporation. Where possible, you will see three years of data so you can see the trends — not just this year's results. For many indicators, you can see how your school corporation's data compare to the state average.

- A** Number of students enrolled in the corporation or school.
- B** How much the school corporation is spending, on average, for each student.
- C** Percentage of total spending for Academic Achievement.
- D** Percentage of total spending for Instructional Support.
- E** Percentage of total spending for Overhead and Operational.
- F** Percentage of total spending for Non-operating.
- G** Minimum teacher salary paid by the school corporation.
- H** Maximum teacher salary paid by the school corporation.
- I** The percentage of students (including non-public students) who are receiving special education services.
- J** The percentage of students in the school corporation who are enrolled in gifted and talented education.
- K** Percentage of total instructional hours delivered through vocational education classes.
- L** The percentage of students who receive free or reduced-price lunches of their family income level.
- M** Students whose inability to speak and understand English prevents them from participating fully in a standard educational program.
- N** The number of dollars the school corporation receives for remedial programs through a state ISTEP+ formula.
- O** The percentage of students who moved from one school to another in the same school corporation.
- P** The percentage of students who moved from one school to another in a different school corporation.

Explanation of School Data (see chart II)

The following indicators show you the performance, particularly the academic performance, of the individual schools in each school corporation in your area. Many of the indicators came from the ISTEP+. Where possible, you will see three years of data so you can see the trends — not just this year's results. For many indicators, you can see how a school's data compare to the state average.

- 1** The percentage of first-time test-takers who passed the Algebra I End of Course Assessment (ECA).
- 2** The percentage of first-time test-takers who passed the English 10 End of Course Assessment (ECA).
- 3** The percentage of first-time test-takers who passed both Algebra I and English 10 End of Course Assessments (ECAs).
- 4** The percentage of graduates who have passed both the Algebra I and English 10 End of Course Assessments by the time they graduate (non-waiver graduates).
- 5** The percentage of graduates who did not pass the Algebra I and/or English 10 End of Course Assessment by the time they graduate (waiver graduates).
- 6** The percentage of graduates who took at least one (1) AP test.
- 7** The percentage of AP tests with a Passing Score of 3, 4, 5.
- 8** The average score that graduates received on the SAT.
- 9** The percentage of high school seniors who took the SAT.
- 10** The percentage of graduates who received Core 40 with Honors Diplomas (Academic and/or Technical).
